CORPORATE

Luck by Chance

- A dice game of pure luck
- Every round has a clock
- A top 10 list is shown

Why organizers choose it

Ready in minutes
Pick the day, the size and the gifts. It is a free draft until you publish.

Everyone plays on their phone
Players open one link and type a name. Press the dice and watch it roll.

Your brand in the game
Add your logo and your own message or video for everyone to see.

Fair for everyone
The software, not a person, makes every target and every dice from public random numbers. Anyone can check afterwards.

Your team can help
You, up to 5 Hosts and any number of Co-hosts. Only one payment is needed, from any one of you.

A free AI helper
Paste your AI link into your own AI chat. It builds the draft. You press publish and pay.

Players pay nothing
No cash prizes, no betting. Any gift is supplied by you, outside the product.

Easy to explain
Player names are erased within 24 hours after the game. Designed to follow India's DPDP Act, the EU GDPR and US state privacy laws.
